Current Barangay In-Kind Donation Process

Simple manual workflow based on the current Barangay process described

Flowchart

Donor goes to the Barangay

↓

Donor gives in-kind donation

↓

Donor may provide an inventory/list of donated items

↓

Barangay Treasurer inspects and counts the donated items

↓

Will the donor sign the Deed of Donation?

YES	NO
Donor signs the Deed of Donation	Record that donor declined to sign
Barangay Captain signs the Certificate of Acceptance	Donor cannot receive a Certificate of Donation
Donor may receive a Certificate of Donation	Proceed with inventory processing

↓

Determine the type of donated item

Consumable / easily used items	Durable / long-term property
Examples: rice, canned goods, facemasks, cement	Examples: laptop, air conditioner, rescue boat
Issue Inventory Custodian Slip (ICS)	Issue Property Acknowledgement Receipt (PAR)

↓

Record donated items in the Barangay Inventory Logbook

↓

Store items in the Supply Room / Bodega

↓

Monitor future distribution to the community / beneficiaries

↓

PROCESS COMPLETE

Simple Breakdown

1. Donor goes to the Barangay and gives an in-kind donation, such as food, supplies, equipment, or other goods.

2. The donor may provide an inventory/list of the donated items. If the donor has no inventory list, the process can still continue.

3. The Barangay Treasurer inspects and counts the donated items.

4. For the donation documents, the Treasurer asks whether the donor will sign the Deed of Donation.

5. If Yes, the donor signs the Deed of Donation, and the Barangay Captain signs the Certificate of Acceptance.

6. After the required documents are completed, the donor may receive a Certificate of Donation.

7. If the donor refuses to sign the Deed of Donation, record that the donor declined to sign. Under the current process described, the donor cannot receive a Certificate of Donation.

8. The Treasurer determines the type of donated item.

9. For consumable or easily used items, such as rice, canned goods, facemasks, or cement, issue an Inventory Custodian Slip (ICS).

10. For durable or long-term property, such as a laptop, air conditioner, or rescue boat, issue a Property Acknowledgement Receipt (PAR).

11. The donated items are recorded in the Barangay Inventory Logbook.

12. The items are placed in the supply room or storage area/bodega for safekeeping.

13. The Barangay monitors when, where, and how the items are distributed to the community or beneficiaries.

14. Process complete.

Core Flow

Donor → Receive Items → Inventory/List → Inspect & Count → Donation Documents → ICS/PAR → Inventory Logbook → Storage → Distribution Monitoring
